Facings Green.—Agents, Messrs. Cox & Co. Irish Agents, Sir E. R. Borough, Bt., Armit & Co.

[Returned from Corfu, 20 Sept. 1857. Embarked for India, Dec. 1857.]

1 Lt. General Mansel served in the Mediterranean, the Peninsula, and St. Helena, and was very severely wounded at Toulouse, for which battle he has the War Medal with one Clasp. He subsequently served on the Staff in Ireland, latterly at the Head of the Quarter Master General's Department and in command of the Southern District. He afterwards commanded the S.E. Division of England. While on the Staff in Ireland, he rendered important services to the Government, which were acknowledged by the highest civil and military authorities, especially during the rebellion of 1848, being specially employed amongst other duties in transferring State prisoners from the jails to the ships for conveyance to the penal settlements, in the presence of a large insurgent mob, when he acted in a double capacity as commanding the large Military force employed and as a Civil Magistrate. General Mansel was the Originator of the Military Prison system in reference to which the following lines are extracted from the report of Earl Cathcart's Committee:—"We have great satisfaction in stating that it is to the extraordinary exertions, to the zeal, devotedness and integrity of that most valuable and excellent Officer, Colonel Mansel, that the Service and the Government are indebted for the maintenance and establishment of a system of discipline with means which were wholly inadequate for effecting that which has been accomplished. It is quite apparent that without Colonel Mansel's personal superintendence, and the time and trouble he has, five years, gratuitously devoted to the important object, it would have been impossible to have succeeded."

—A continuation of prior part.

Colonel FitzGibbon served with the 49th Regt. at the landing at the Helder in 1799. Was on board the "Monarch" during the battle of Copenhagen in 1801 (Medal). Served in Canada throughout the American war of 1812-14; on the 24th June by a successful ruse de guerre, having only 46 men, and aided by a body of Indians, he captured upwards of 300 American troops, including 50 cavalry, with two field pieces; for this service he was promoted to a Company. In 1837, being then on half pay in Upper Canada, he anticipated the rebellion in that province and took hurried but successful measures to defend the entry of Toronto, and after three days on the defensive he sallied forth at the head of the armed citizens, attacked and entirely routed the Rebels; for this service the Provincial Parliament granted him £1000.

After the operations of a quarter of a century, the Directors invite, with great confidence, the attention of the public to the marked success which has attended this Society, and to the strong claims it possesses to the confidence and support of all classes desirous of effecting Assurances on Lives. Combining the advantages of a Mutual and Proprietary Company, and without attempting a rash competition with other offices, it has pursued a steady, progressive course, affording all the benefits which, consistently with security to Assurers and Assured, can possibly be given.

Upwards of £1,173,535 have been already paid in claims and bonuses.

The Tables of Rates for residents in Europe have been prepared upon the most approved principles, to ensure moderation and security.

Assurances can be effected with or without Participation in Profits; on ascending or descending scales; and for a limited number of payments.

The Society advance money on mortgage; purchase reversions and life interests; and grant loans on such securities and on deposit of their Policies.

An Annual Division of one-fifth of the profits is made, 75 per cent. of which is appropriated to the Policy-holders, and 25 per cent. to the shareholders; the remaining four-fifths are set apart towards the average of succeeding years. The Assured can apply their profits to the immediate reduction of their premiums, or as a bonus to the sum assured.

The last Annual Reduction of Premium amounted to 45 per cent.; so that a person being assured for £1,000 at the age of 30 is now paying £13 8s. 7d., instead of £24 8s. 4d.

All Medical Fees and Stamps are paid by the Society.

### INDIAN BRANCH.

The UNIVERSAL was the first Assurance Society that secured to residents in India fixed rates and the advantages enjoyed by those in Great Britain.

Separate tables for the Civil and Military Services were originally framed with the utmost care from the records of the India House, and valuable statistical returns accessible to this Society alone. To test their adaptation to the present time, and to ascertain whether any reduction could safely be made, they have recently undergone a minute and laborious investigation by two eminent London actuaries, whose report has established their soundness and accuracy.

The attention of persons proceeding to India, and of residents there, is requested to a peculiar and most important advantage offered by this Society, viz.—that on the return of the Assured to Europe the premiums are reduced to the English scale corresponding with the age when the Assurance was effected, WITHOUT REFERENCE TO THE STATE OF HEALTH ON RETURN.

Tables of Rates and all further information will be furnished at the Office in London, and by the Agents in India:—

Messrs. BRADDON and Co., Calcutta.

Messrs. BAINBRIDGE, BYARD, GAIR, and Co., Madras.

Messrs. LECKIE and Co., Bombay.
